

ATP-570 DIGITAL PIR + MW DETECTOR

General Features

- Fully digital
- Solid-state relay, no possibility or tricking with external factors such as magnets
- PIR and MW sensitivity adjustment by trimpot, separately
- 4 types of operation: PIR only, MW only, PIR and MW, PIR or MW
- High RF immunity
- Tamper, can be disabled
- 3 color LED indicator
- Suitable for corner, wall and corner mounting
- 2.1m mounting height
- Dimensions: 108x63x50mm
- Weight: 92g

Technical Specifications

- Detection range 15m@110°
- NC / NO selectable outputs
- 12V DC, 30mA
